

# What private aged care services can I receive in my home?

Do you love your home but struggle to keep up with the maintenance as you age? Southcare's private services can provide you with fast-tracked, quality assistance in your own home to ensure you can continue to enjoy your favourite activities.

As a not-for-profit organisation, Southcare's main priority is you. We want you to continue to live a safe and happy life in your home and in the community you know and love.

What private services can I receive?

Private home care services are not subsidised by the government. With private home care services, you skip the assessment process because you pay Southcare directly which means you can access high quality care much faster.

The private services are designed to meet your specific needs and can include:

- Housekeeping
- Garden maintenance
- Personal driver service to medical appointments
- Individual post-hospital care to help you get back on your feet
- Tailored shopping trips
- Gourmet meal service

You may receive private services if you have had an assessment of your care needs through My Aged Care portal and are not found to be eligible for Australian Government-subsidised aged care services. Or, are found to be eligible but are waiting

for funded services to become available

The table below shows the cost for private services delivered by Southcare.

Team member	Period	Weekday	Saturday	Sunday	Public holidays
