

# Energy Ahead

Energy Ahead helps you take control of your energy use through free energy audits, coaching and workshops.

# Your energy in your control.

We know that life can be a lot sometimes, so we're here to help. We can support you to take control of your energy use and your electricity bills, so you can get ahead.

The Energy Ahead team will help you check how you're using energy and create a plan to help you achieve your energy savings goals.

Energy Ahead is free and available to Synergy residential customers who are experiencing financial hardship.

## Here's how it works in a few easy steps:

1. Sign up at [thefwc.org.au/energyahead](https://thefwc.org.au/energyahead)
2. We will give you a call to discuss your needs and identify the service options that work best for you.
3. We will help you map your household energy use, pinpoint ways you can save and provide you with the tools and tips to achieve your goals.

# Ready to get ahead?

Your Energy Coach can support you at home, over the phone or online - whatever works best for you.

## Household Energy Audits – In Home

One of our friendly Energy Coaches will provide an in home audit to help you understand and manage your energy use. You will receive a report with customised tips on how to reduce your use along with various energy efficiency items to get you started.

## Household Energy Audits – Virtual

Our Energy Coaches can also provide virtual audits which require you to have an active internet connection and a mobile or tablet with a camera.

## Energy Coaching

Energy coaching is a practical way for you to learn more about your household energy use and how you can make positive changes to reduce use and costs. We provide coaching sessions over one or two Synergy bill cycles and a report with customised tips.

## Community Workshops

We run community workshops to help you understand and manage your household energy use. We provide practical energy saving tips that can help you reduce your electricity bills and get ahead. Book tickets to one of our free events at [energyahead.eventbrite.com](https://energyahead.eventbrite.com)

## Contact
